

February 15th 2019

Dear Parent / Carer,

Thank you to all the parents who were able to come to our Parents Evening on Wednesday, it was good to meet so many of you and share with the progress that your sons and daughters are making.

We have had a busy half term since Christmas with our Year with speakers and visits including the Marjon Sports Lab Visits. Just this week students heard from Mental Health Nurses who were in school to explain their role and also the academic route to become a Mental Health Nurse. You can read more about it here;  
<https://scottcollege.co.uk/about/news>

Our third assessment cycle runs up until the Easter holidays, with the week 1st - 5th April our assessment week. We plan to run the week in a similar way to cycle 2 with a programme of assessments over the week. We will publish the dates and times to you in advance of assessment week.

We are now half way through the academic year and we can see clearly the impact of good attendance on student outcomes. Please can you continue to support us in doing all that you can in making sure that your daughter or son attends school every day. Every lesson counts! If for any reason you need to advise us of an absence, please can you contact us on [absence@scottcollege.co.uk](mailto:absence@scottcollege.co.uk) before 08.30 on the morning of any absence.

Go4schools is now live for students and parents, I know several of you have logged on to have a look at academic progress, house points and attendance, if you would like us to send you instructions for use, please let us know at [info@scottcollege.co.uk](mailto:info@scottcollege.co.uk)

I hope that you have a relaxing and enjoyable half term and I look forward to seeing all our Year 10 students back on Monday 25th February.

Yours faithfully,

Mr N Morris  
Head of Year 10
